ABOUT THIS CATALOG

To provide a sense of scale, all of our charms are placed next to a United States quarter dollar coin, which is 25mm (1 inch) in diameter. The intent of this catalog is to provide a detailed look at our charms, so not every image will be displayed with the quarter at it's actual size.

Our charms are all hand crafted and forged in the United States and are designed to be worn on a leather cord necklace or bracelet tied with slip knots.
